NEEL AND MUSKAN 11TH AND 12TH GRADE STUDENT-ATHLETES**

Recently, on 25th of Nov, the student council organised a trek to the Devkund waterfall, which was a memorable experience for our students. Though the trek was physically tiring, it allowed our students to immerse themselves in nature and bond with one another - an escapade to cherish for a lifetime.

The experience is shared by two of our students, Neel and Muskan, below.

We set out on an amazing adventure to the Devkund Waterfalls, and the trip was truly fantastic. Our team headed off on this expedition at the crack of dawn, led by the dynamic team of Academic Head Zack, Career Counselor Latoiya, Coach Jeff, and the accomplished photography duo Suraj and Avinash.

At 7 am, the day started. The journey was exhausting and lengthy, but we persevered because of the contagious spirit generated by our peers and teachers. Excitement filled the air as we made our way across the verdant countryside.

We were overcome with wonder at the astounding beauty that greeted us as we arrived at the Devkund waterfalls, and our tiredness vanished.

A picturesque scene was produced by the tumbling river and the unspoiled surroundings. It was a time of utter happiness and success.

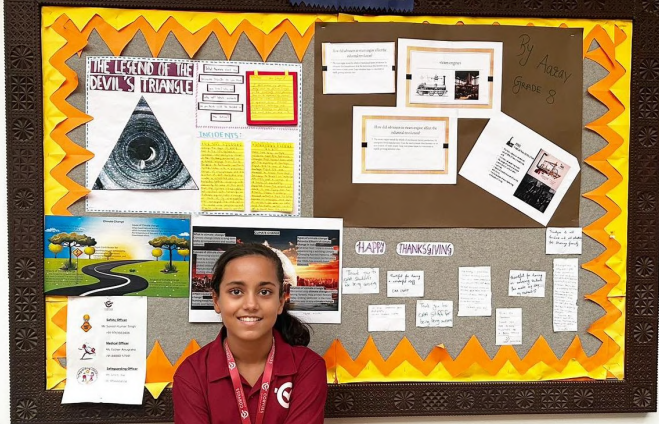

The water was pleasantly chilly and perfectly clear. It was a memorable and pleasurable encounter. This trip was more than simply a hike; it was a chance for the group to bond and grow closer. There was laughter all along the paths, friendships became stronger, and lifelong memories were made.

Thanks to the good sentiments and camaraderie among the group, the long and exhausting day transformed into an incredible journey. This voyage to the Devkund Waterfalls was not just about enjoying nature; it was also about learning about oneself, valuing cooperation, and taking pleasure in the experience.

Cheers to the journey ahead, the experiences gained, the knowledge gained, and the relationships forged!
